Supported by:

Federal Ministry
for the Environment, Nature Conservation
and Nuclear Safety

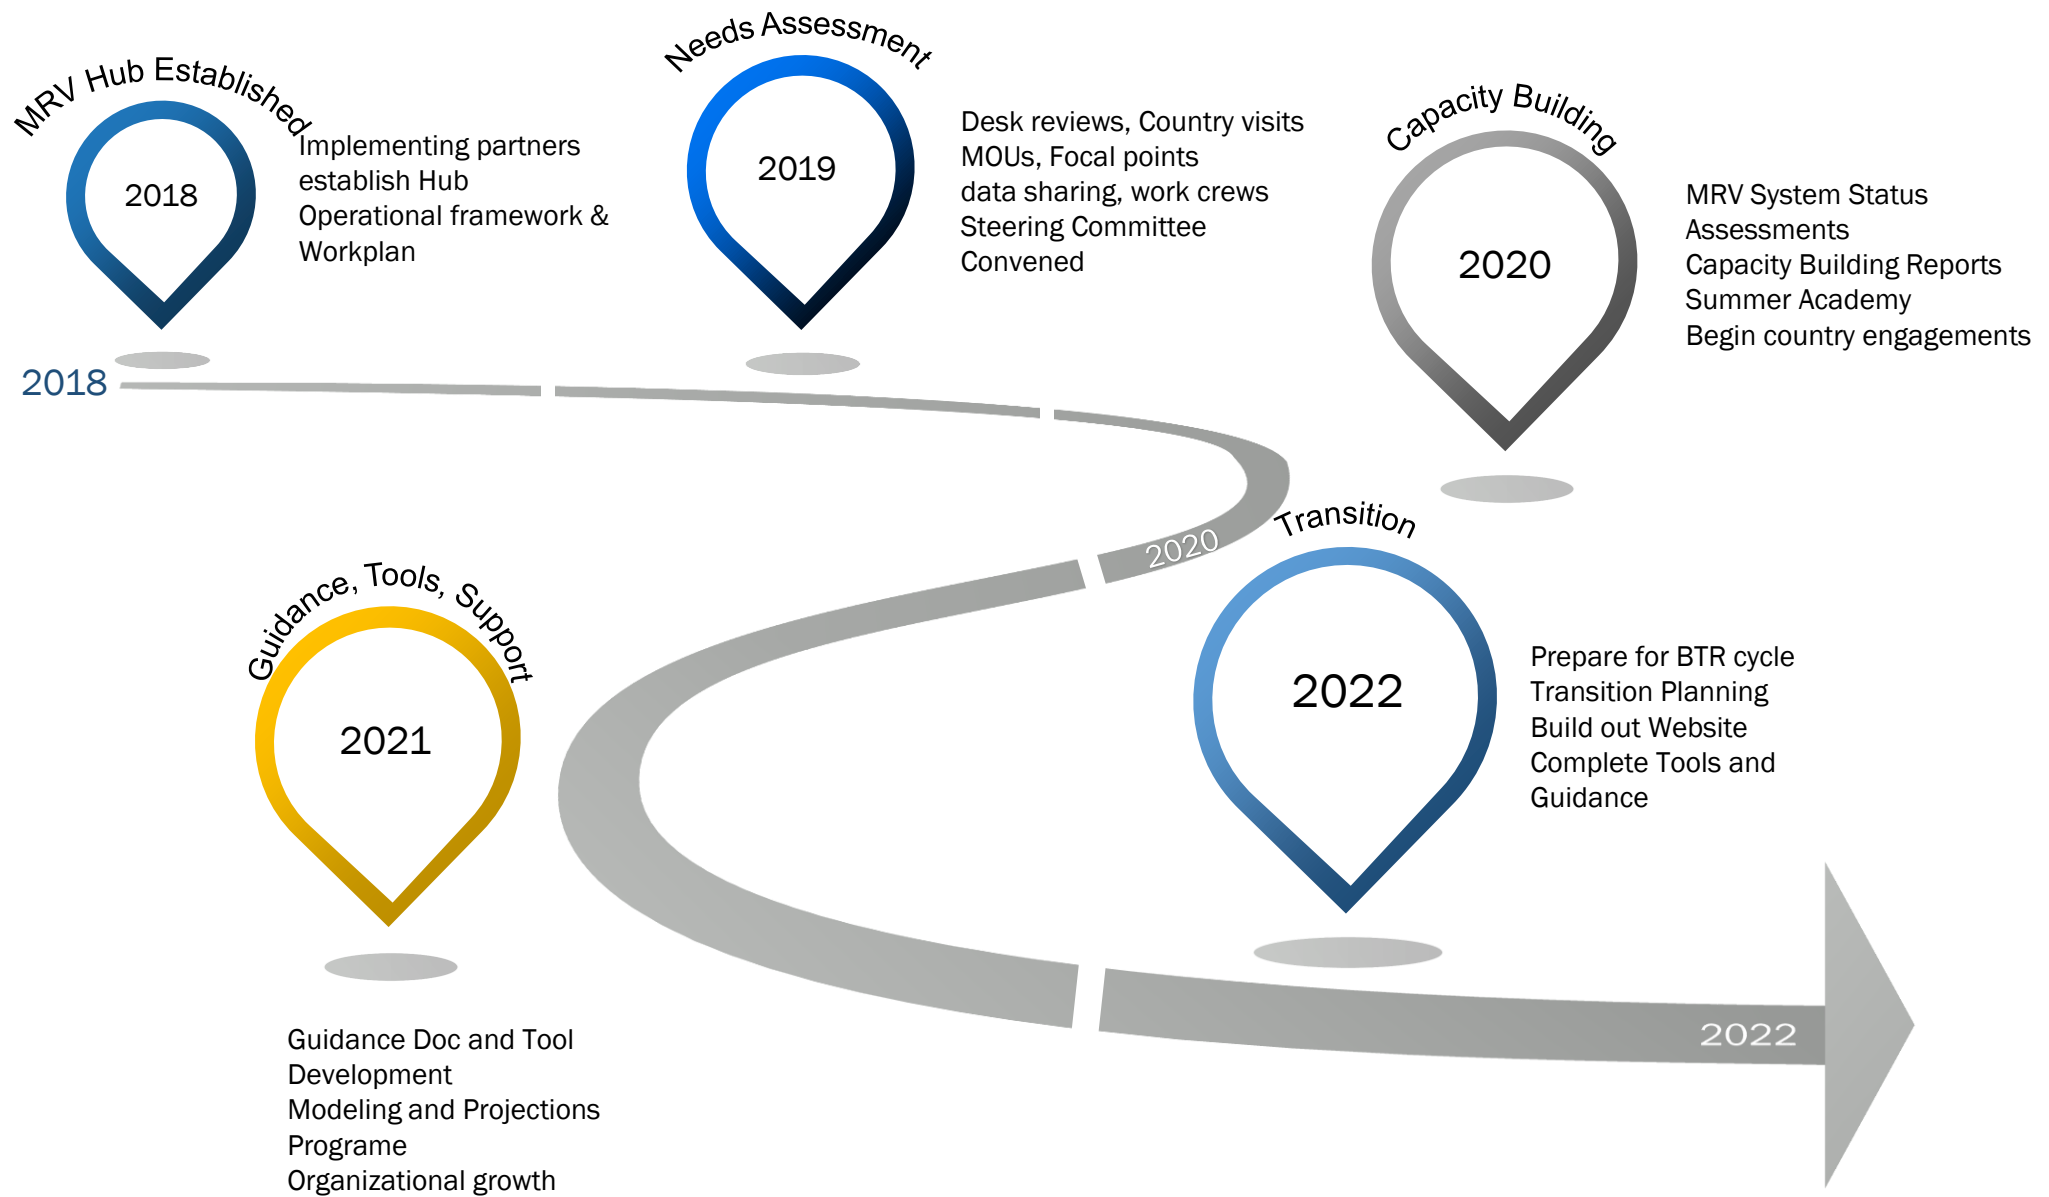

Empowered lives.
Resilient nations.

GLOBAL SUPPORT
PROGRAMME

The CCMRVH is part of the International Climate Initiative (IKI). The Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU) supports this initiative on the basis of a decision adopted by the German Bundestag, with additional resources and technical support provided by the UNDP/UNEP Global Support Programme.

based on a decision of the German Bundestag

MRV Hub Journey to Sustainability

Hub's Caribbean Staff continues to grow

- Newest staff member: Curllan Bhola (Grenada)
- New TOR posted in March (Program Officer position)
 - Interviews completed in April - Post to be filled soon!
- ★ UNFCCC is also hiring a new Lead for the RCC in St George's
- Seasoned Full Time Regional Staff
 - Hayden Redhead, Ahyana Bowen, Kalifa Phillip (Grenada)
 - Brittan Meighan (Belize)
 - Benise Joseph (Saint Lucia)
 - Ryan Deosaran (Trinidad)

Our job: training the next generation of experts

- **Capacity building, training, and mentorship must be integrated into everything we do**
 - **Job training requires a sustained relationship**
 - **Key is to train internal staff and external learners simultaneously, combining theory with practice**
 - **Talent retention and regional empowerment**
 - **Demonstrate that MRV work is a rewarding career path**

Demand for work continues to grow

- Currently in year 4 of the 5-year IKI Grant
- Ahead of schedule on all outputs - on track to complete in budget
- Transition to ETF and BTR cycle is upon us
- Increased international attention to MRV Hub model
- Critical: secure a follow-on grant to institutionalise the MRV Hub
 - Why? It takes time to train properly – not just guidance and analytic tools. Team is writing its own business plan and learning the ins and outs of running this kind of company.
